

AUTO VIVENDI

EVENTS & EXPERIENCES
2021

Auto Vivendi. Welcome.

As well as operating the world's largest private members' supercar club, Auto Vivendi also organises a series of exclusive events and experiences which are available to both Club members and non-members alike.

Drive supercars to over 200mph along private runways, navigate the corners of the world's best private race circuits on mind-blowing track days, fly to luxurious destinations by private jet, experience the style and glamour of the Monaco GP on-board a trackside superyacht, or simply enjoy the journey on one of our bespoke driving tours.

We are also thrilled to introduce several new events and a return to some former favourites for 2021, including an Icelandic Superjeep Adventure and the launch of our Ultimate Supercar Track Day in the UK, amongst others. We organise and host a vast array of adrenaline-fuelled and action-packed events each year, many of which are still being talked about by participants for years down the line.

Our attendees enjoy the finer things in life and we take great pride in being told that our events are some of the best things they have ever done. If you like living life to the full, please join us.

200MPH CHALLENGE

MAY (SOLD OUT) & SEPTEMBER 15

Where better to enjoy the performance of the world's fastest supercars than on a private runway?

Drive four supercars at the speeds they were designed to achieve at our famous 200mph Challenge.

Enjoy passenger laps in a Lamborghini Urus or Aston Martin DBX, warm-up runs to circa 180mph in a Ferrari F8 Tributo and Aston Martin DBS Superleggera and then attempt to break the magic 200mph mark in a McLaren 720S and a Lamborghini Aventador. Participants at our previous events have described our 200mph Challenge as the best thing they have ever done.

Includes

- Participants fully briefed and accompanied by a professional race instructor
- In-car video footage provided showing speeds achieved
- Full safety equipment and crew from one of the world's leading motorsport safety companies
- Hospitality area with refreshments
- Private runway providing the perfect high-speed driving environment

Price

£1,950 + VAT

ICELAND SUPERJEEP ADVENTURE

DECEMBER 1-4

In December we swap supercars for superjeeps when we head to Iceland for this supercool adventure.

During the course of this fabulous and challenging weekend escape you will drive your own 'Arctic Truck' prepared superjeep across some of Iceland's most extreme terrain. Each experience will be different depending on the weather this country throws at us but we aim to encounter volcanos, glaciers, black lava-filled beaches, geysers, rivers and more.

Along the way we will also be undertaking a sunset snowmobile blast to the glacier, enjoying great food and drinks, boutique hotels and a wrap party at one of Reykjavik's prime nightspots. The finale of the weekend will be a dip at the infamous Blue Lagoon lake with mud facials and a final drink to toast the trip!

Includes

- Arctic superjeep hire and insurance
- Tour and safety guide
- Three nights' accommodation
- Snowmobile hire
- Transfers (if travelling with main group)
- All catering
- Thermal lake entry
- Hotel spa entry

Price

£5,950* for one person (single occupancy)

£8,950* for two guests (double occupancy)

*Excludes flights

SUPERCAR DRIVE DAYS

VARIOUS DATES

What better way to incentivise, motivate or reward your team, indulge the people important to you, or simply hone your own on-road awareness and driving skills, than our bespoke Supercar Driving Awareness Days.

These are available for one person or groups of up to 20. Experience a day driving one of the world's finest brand new supercars, or multiple cars on group days.

Accompanied by our experienced instructors throughout the day, participants will drive approximately 150 miles on country roads with one-on-one tuition and guidance, to help develop and improve their driving skills, awareness and knowledge.

Combined with lunch and/or a celebration dinner, our Supercar Driving Awareness Days build relationships, reward, excite and help participants master the key techniques, making everyday driving safer and all the more engaging and enjoyable.

Includes

Various driving routes available
