SUPERCAR CLUB MEMBERSHIP

Welcome To The World Of Auto Vivendi.

A world of childhood dreams.

A world that fuels our passion.

A world where you get what you desire.

A world created for the financially astute.

A world where there is always something new to drive.

A world where there is always something to excite.

A world where successful people meet.

A world created for the few.

We are proud of what we have created over the last 15 years. A place for people who enjoy knowing that the keys to practically every new supercar can be theirs, whenever they choose. A place for those who never just 'settle' for things.

And that's just the beginning. If you would simply like access to cars, that's great and it's what the Club is all about. However, for those who want more, we do that too. The genuine 'money can't buy, it's who you know' invites. The social gatherings with people you'll love spending time with. The Club that we call 'our university network for grown-ups'. It's a sense of belonging and a zest for life that epitomises all that we do.

We love what we do and we would love to be part of your life's journey too.

Auto Vivendi. A Way Of Life.

Who We Are.

Auto Vivendi is the world's largest private members' supercar club. In return for an annual membership fee, members receive use of a collection of the world's best supercars, as well as a host of other membership benefits, including a vast array of member-only events and a multitude of social and business networking opportunities, to name but a few.

Our Members.

The Club consists of members from all over the world who share a number of common objectives – to have access to a collection of the world's best supercars, to enjoy an exciting lifestyle and to meet other successful and interesting people.

Auto Vivendi. Our Memberships.

Auto Vivendi members receive a set number of Annual Days of Car Use, along with an Annual Mileage Allowance, which they can use up across any of our cars as and when they wish. We have several membership levels available.

How It Works.

Members use up their Annual Days of Car Use and Annual Mileage Allowance across our collection of cars, however they wish. For example, if you have a car for 3 days and drive a total of 60 miles over those days, 3 days will be deducted from your remaining Annual Days of Car Use and 60 miles will be deducted from your remaining Annual Mileage Allowance. It's that simple.

Weekday bookings (Monday to Thursday) are for a minimum of one day, from midday on the day of your booking to 10am the following day. Weekend bookings are for a minimum of three days, from midday on Friday to 10am on Monday. This is our minimum service guarantee, however we are flexible with times whenever possible.

Cars can be booked as far in advance or as last minute as required. We are typically able to organise same-day delivery to anywhere in the UK. Alternatively, cars can be collected from Auto Vivendi without prior notice.

Members can book multiple cars for use at the same time should they wish to do back-to-back driving comparisons or simply have a collection of cars on display for a dinner party or other event.

Members can carry forward any unused Annual Days of Car Use and/or Annual Mileage Allowance from one membership period to the next.

* Out of Town memberships include return deliveries/collections by covered transporter to anywhere within 250 miles of London or Manchester (whichever is the member's home club).

† There is also a one-off joining fee of £2,000 + VAT which includes fully comprehensive car insurance from a leading UK insurer and a one-day Supercar Driving Awareness Day, which all new members are required to undertake.

Members can add additional drivers to their membership for £5,000 + VAT per additional driver, per annum.

Membership Benefits.

NAVARRE ST. E.2

SHIPLAKE HOUSE

THE ADVANTAGES ARE COMPELLING.
THERE ARE MANY BENEFITS TO BEING A
MEMBER OF THE CLUB, WHETHER THEY BE
FINANCIAL, SOCIAL OR LIFESTYLE-RELATED.

Some of the main benefits of membership are listed below:

Being a member of Auto Vivendi is akin to having your own collection of brand new supercars, worth over £5m, which you can use as and when you wish.

-

We do not differentiate between cars of different value, meaning members can simply pick the cars they wish to enjoy each time.

-

We guarantee that we always have a selection of new supercars available for members to use, even on the busiest summer weekends. Our cars are typically only used around 25-40% of the time on average, meaning we have great availability all year round.

-

Our car collection is unrivalled and we buy almost every new supercar as and when they are launched. This means you will have access to at least 30-40 different supercars every year.

-

Due to the huge number of cars we buy, we are able to purchase the most sought-after limited-edition supercars for the Club.

-

We deliver cars all over the UK and Europe, making it easy and convenient to have supercars at your disposal wherever you are.

-

The Club has a vibrant social scene with many friendships and business relationships formed along the way. Members are invited to exclusive events, including new car launches, manufacturer drive days, factory tours, parties and other social occasions.

-

Using cars in the Club costs a fraction of the price of supercar ownership and enables members to enjoy the latest supercars as and when they are released.

“You have created something special with the Club.”
