“We dream of what we do,
and we do what we dream...”

WELCOME TO THE WORLD OF

Auto Vivendi

A world of childhood dreams.
A world that fuels our passion.
A world created for the financially astute.
A world where there is always something new to drive.
A world created for those who live life to the full.

Now in our 20th year, we are proud of what we have created. A place for people who enjoy knowing that the keys to practically every new supercar can be theirs, whenever they choose. A place for those who never just ‘settle’ for things.

And that’s just the beginning. If you would simply like access to cars, that’s great and it’s what the Club is all about. However, for those who want more, we do that too. The genuine ‘money can’t buy, it’s who you know’ invites. The social

gatherings with friendly people you’ll love spending time with. It’s a sense of belonging and a zest for life that epitomises all that we do.

We love what we do and we would love to be part of your life’s journey too.

A Way of Life

WHO WE ARE

Auto Vivendi is a private members' club which provides its members with 'fractional use' of a stunning collection of the world's best supercars, alongside a packed events calendar and a multitude of social and business networking opportunities.

OUR MEMBERS

The Club consists of members from all over the world who share a number of common objectives – to have access to the latest supercars, to enjoy an exciting lifestyle and to meet other successful and interesting people.

The Auto Vivendi Clubhouse

Welcome to the Auto Vivendi Clubhouse, our vibrant sanctuary nestled in the heart of Central London. Not only can our members collect cars here but it's a dynamic venue for play, art, hosting, unwinding, and celebrating.

In addition to our infamous Clubhouse Parties, the Auto Vivendi Clubhouse offers members the opportunity to view our unparalleled collection of supercars. Unwind with a gourmet coffee on our sofas, host meetings with a supercar backdrop, or immerse yourself in the cockpit of our state-of-the-art simulator — all within a relaxed yet exhilarating atmosphere.

MEMBERSHIP

Auto Vivendi provides its members with a set number of Annual Days of Car Use, as well as an Annual Mileage Allowance. Members use up their days and miles across our car collection, however they wish.

STANDARD MEMBERSHIP

Our traditional membership type, for members who live within or close to London or Manchester. Members can collect cars from the Auto Vivendi clubhouse or local delivery can be arranged on an ad-hoc basis.

OUT OF TOWN MEMBERSHIP

Our most convenient membership type, for members who live outside of London or Manchester, who would like cars delivered to their front door, wherever they live in the UK. Surcharges apply if cars are delivered to anywhere further than 250 miles from our London or Manchester clubs.

CLUB HUB MEMBERSHIP

For members who live close to one of our Club Hubs and would prefer to collect cars from one of these locations, or would like the flexibility of being able to collect cars from any of our Club Hubs across the UK.

† There is a one-off joining fee of £2,950 +VAT which includes fully comprehensive car insurance from a leading UK insurer and a Supercar Drive Day, which all new members are required to undertake.

“The Club is quite frankly amazing. I put off joining for years as it seemed too good to be true. The owners are fantastic and the rest of the team are too. I’ve also met some incredible people through the Club events and various groups”

A K Sahota, August 2023

OUR CAR COLLECTION

We constantly refresh our car collection and typically acquire 2-3 new supercars every month. Our members are amongst the first people in the world to drive the latest model supercars when they are released. We have had over 300 cars in the Club and our current collection, which is worth more than £8m, is shown below.

“I have always owned Aston Martins and other nice cars; however, we travel a lot and I don’t have the inclination to spend time managing cars, so being a member of Auto Vivendi gives me hassle-free use of a stunning collection of cars with no maintenance required”

Advantages of Membership

The advantages of membership are compelling, whether they be financial, social or lifestyle related. These include:

- We guarantee that we always have a selection of new supercars available for members to use, even on the busiest summer weekends. Our cars are typically only used around 25-40% of the time, meaning we have great availability all year round.
- Our car collection is unrivalled and we buy almost every new supercar as and when it is launched. This means you will have access to 40-50 different supercars every year.
- Due to the huge number of cars we buy, we are able to purchase the most sought-after limited-edition supercars for the Club.
- We deliver cars all over the UK and Europe, making it easy and convenient to have supercars at your disposal wherever you are.
- The Club has a vibrant social scene, with members invited to exclusive events, including new car launches, manufacturer drive days, factory tours, parties and other social occasions.
- The Club has a thriving community spirit, with many friendships and business relationships formed along the way. Indeed, there is fantastic camaraderie and sense of belonging within the Club.

The woman is on the right, wearing a white button-down shirt and dark sunglasses, also smiling. The car's interior is black with yellow accents on the seats. The background shows a blurred green landscape and a wooden fence.

“Absolutely awesome being in the Dolomites with Auto Vivendi. Probably the best day I have had behind the wheel of a car and the best trip of my life”

D N Lamble, September 2023
